extra per punch month. - 4 mo delivery of 579

also need model # - Fastest model delivery.

(5) - Keyboard & screen.

(6) Stop counter - Stop after set # of readouts. - 3 digit set.

Declass Review by
NIMA/DOD

70mm DBR

1. Test Materials - Need operational film - including all marginal data + showing photo edges. (As little as "64" edge will suffice - all else can be blanked out. Need ASAP after award of contract)
2. Retrofit possible to smaller (35mm) film size. Doubtful if larger than 70mm can be accommodated, without complete redesign.
3. Error check option as included in proposal is being furnished.
4. IBM 5-19 Card Punch
